	4. The meeting discussed the issues currently being observed around drainage in the parish. LC reported that she had noticed that Longpot Lane had water flowing down it recently, following rainfall. LC asked how often the drains were maintained as the problem seemed to be occurring further up the lane near Whitemoor Cottages. JV confirmed that the drains and gullies were cleared last winter and even when they are clear, water still flows down Longpot Lane during periods of high rainfall, caused in	

	<p>part by the lane being below the level of the surrounding fields. It was agreed that problems with the drains in the parish are occurring due to a combination of issues. LC reported that Barbara Venn was still experiencing flooding, Andrea Davies confirmed that the pipework under the road at BV's was going to be replaced and work has been planned in this financial year, as the existing pipe isn't big enough.</p> <p>AD asked for everyone to report any drainage issues on the D.C.C. website, where there is a section to report flooding and blocked drains. The service is for blocked drains – not those that are just covered with leaves.</p> <p>Previously a notice was communicated to parishioners asking them to help keep drains clear, this approach could be tried again. Situation to be monitored. MC to send the notice to Chris Harrington for communication.</p>	MC
4.2	<p>(Jan 2023 7.3) Devon County Council is working hard on developing the county's sustainability Initiative and this will flow down to Parishes. Barbara Venn and Penny Smith have taken the reins of the Emergency Planning Committee for Loxhore.</p> <p>November 2023 – LC provided an update on the Community Emergency Planning work. The committee now has the minimum number of people needed. The proposed plan will be for 6 months of monthly meetings to develop the plan and then review and update annually. Work has begun on a leaflet for all households in the parish, detailing important information on how to prepare for an emergency and what type of situations to consider. There are two aspects to consider in the plan – home and community. LC reported that BV may need to hand over work to the rest of the team to progress, due to current restrictions on her time.</p>	
4.3	<p>(March 2023 para 7.3) Ray Comer stated that he had reported the bridge at Loxhore Cott to the bridge department at D.C.C.</p> <p>November 23 – Andrea Davies reported that the Bridge at Loxhore Cott has now been surveyed and the stones do not need to be replaced as no structural concerns (full report received by Loxhore Parish Council).</p> <p>JV asked about the status of the plastic fencing that has replaced the damaged Heras fencing which is now engulfed by vegetation. AD reported that she would need to look into it and report back.</p>	AD
5.0	<u>Matters arising from meeting dated 7th September 2023</u>	
5.1	<p>County Council News. See report attached Annex A</p> <p>Andrea Davies provided an update to the meeting on the work being carried out on the A361 Link Road. Work is on schedule, but recent rain/storms have not helped when the contractors are carrying out waterproofing work.</p> <p>An update was provided on the Snow Warden Scheme, and to ask if we would be interested in appointing a Snow Warden this year (previously there were no volunteers). Being part of the scheme would allow us to obtain free salt for the parish and training would be provided so the activity would be covered by D.C.C. insurance. LM volunteered to become the Snow Warden. Once LM has completed her training a notice will be posted to ask for volunteers in the parish to distribute salt and assist in spreading, (volunteers will be needed due to the spread and topography of the parish). It was agreed that salt deliveries would be to the Village Hall.</p> <p>CD reported that there were 12 potholes that don't meet the criteria for repair yet, but 5 do and have been marked with white paint, but the work has not been completed. AD asked CD to send her the numbers and agreed to chase them up.</p> <p>Ray Comer asked AD about the drains on Cott Hill as they are full of gravel. AD asked Ray to report any concerns with the drains on the D.C.C. website, in the section for drains. MC to confirm with Ray at the next meeting he has been able to report on the website.</p>	LM AD MC
